DETAILED ACTION

Allowable Subject Matter

1. Claims 2-5, 7-16, 21-25, and 27-37 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art fails to disclose or suggest the apparatus claimed by Applicant.

The best prior art of record, US 5,980,479 to Kutushov discloses a system for correcting a biological fluid comprising mixing and precipitation chambers, a ferreed sorbent, magnets, filter, and a pump, but fails to disclose the bellows-style mixing and precipitation chambers. US 5,934,888 to Marka et al discloses a two-chambered pumping apparatus, but there is no real motivation to combine the Marka pump with the Kutushov apparatus.

Furthermore, the Declaration from Applicant submitted 20 May 2009 successfully demonstrates that the configuration of the instantly claimed apparatus provides unexpected improvements in the biological fluid correction process.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
